Beulah/University Realignment Project

March 28, 2025 - eNews Update

Welcome to the City of Flagstaff Beulah/University Realignment Project eNews. Businesses and residents are reminded to call the ***Project Hotline at (928) 255-5153*** *to speak to a project team member with any questions or concerns. Please note that in the event of inclement weather the work schedule may be altered or suspended without notice.*

The City of Flagstaff and their contractor, Eagle Mountain Construction, are currently working on the Beulah/University Realignment Project. Visit our **Project Website** to learn more about this project, including ongoing and completed work.

New or completed work is highlighted in red.

CONCRETE WORK AND ROAD RECONSTRUCTION ALONG UNIVERSITY AVENUE NEARS COMPLETION

Crews will continue installing new concrete infrastructure and performing asphalt paving operations along University Avenue (future Fresquez Avenue), between Milton Road and Yale Street. Following paving operations, crews will perform utility adjustments to the finished road grade. Once complete, University Avenue (future Fresquez Avenue) will reopen to traffic, including the driveway entrances that access Burger King and Wendy's on Monday, April 7.

Please be aware of the following impacts:

Due to the recent winter weather, University Avenue (future Fresquez Avenue) will be closed between Milton Road and Yale Street, 24 hours a day, until Monday, April 7 . This closure includes the driveway entrances along University Avenue that access Burger King and Wendy's. Both businesses will be accessible via Milton Road. Access to properties along University Avenue (future Fresquez Avenue) will be provided via Yale Street and the new Beulah Boulevard extension. Thru traffic along Milton Road will not be impacted. Please follow the marked signage and drive safely.

PEDESTRIAN UNDERPASS INSTALLATION CONTINUES

The construction of the new pedestrian underpass tunnel, sidewalks, appurtenances, walls and entrance ramps on both sides of Milton Road will continue throughout the week.

Please be aware of the following impacts:

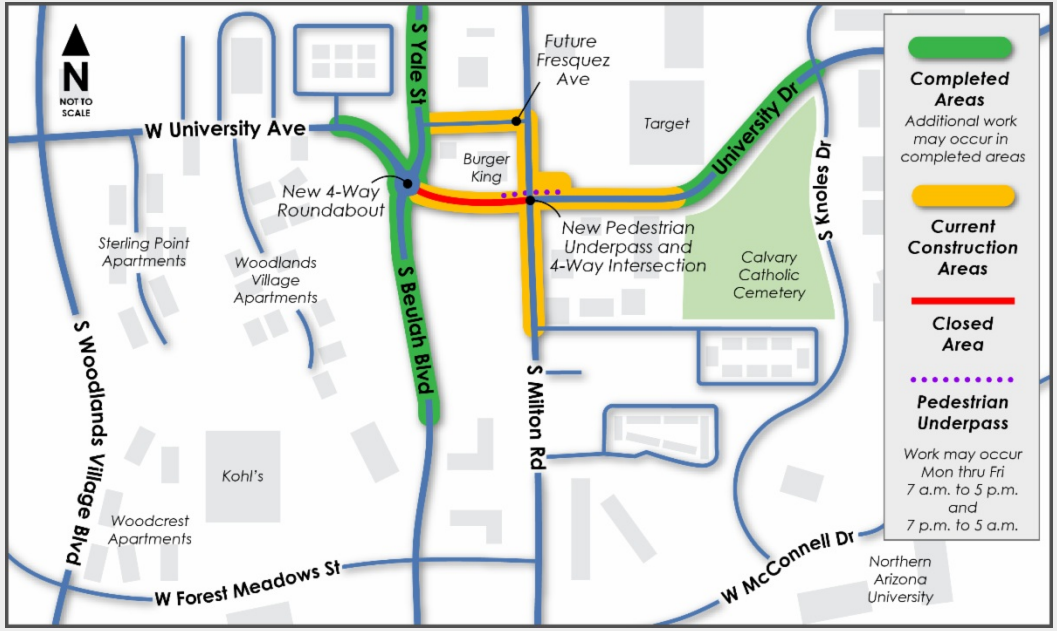

Monday, March 31 through Friday, April 4, 6 a.m. – 5 p.m.
Please follow the marked signage to get to your destination. The new Beulah Boulevard extension and roundabout is open to thru traffic with a small section of University Avenue, between the new roundabout and Milton Road closed. Heavy construction equipment will be present to assist in the installation of the pedestrian underpass.

MISCELLANEOUS WORK REMAINS ALONG SECTIONS OF YALE STREET AND UNIVERSITY AVENUE

Crews will continue performing miscellaneous work along sections of Yale Street and University Avenue.

Please be aware of the following impacts:

Monday, March 31 through Friday, April 4, 6 a.m. – 5 p.m.
The new Beulah Boulevard extension and roundabout is open to thru traffic with a small section of University Avenue, between the new roundabout and Milton Road closed.
